Oil Filter Extension Kit

28801-S11K Chrysler filter to Hipster valve body

GM Powerglide[®]

This oil filter extension kit **28801-S09K** for GM Powerglide units is designed for use with Sonnax oil pan **28801-S**. The kit properly positions the oil filter further toward the rear of the pan to ensure fluid is picked up under third acceleration and to match the wedge shape and depth of the Sonnax pan.

Features & Benefits

- Designed to work with Sonnax oil pan **28801-S**
- Positions filter deep in the rear of the pan, below the baffle
- Made from high-quality aluminum
- Includes all necessary mounting hardware and gaskets
